Sr. Project Engineer  
Eisman & Russo, Inc.

**Gino Charles, P.E.**  
Engineer of Record, Design  
Bowman Consulting Group Ltd.

# City of Delray Beach *Florida*

## Project Overview

**Purpose:** Traffic calming improvements to reduce vehicular speeds, improve pedestrian and bicyclist safety.

**Project improvements:** roadway widening and reconstruction, milling and resurfacing, drainage improvements, constructing a ten-foot shared-use path on the east side of the roadway and a five-foot sidewalk on the west side, driveway reconstruction, bus stop access, Lake Worth Drainage District Canal improvements, pedestrian crossing enhancement, and pedestrian lighting infrastructure along the newly constructed sidewalks.

**Construction Start Date:** June 3, 2024

**Completion Date:** Summer 2026

**Estimated Construction Cost:** \$7.8 million

## Scope of Work – Roadway and Pedestrian Improvements

### **Roadway Improvements**

- Roadway widening and reconstruction
- Milling and paving the existing roadway
- Drainage Improvements
- Improving L-32 and L-33 Canals
- Driveway reconstruction

### **Pedestrian Improvements**

- Constructing a ten-foot shared-use path on the east side of the roadway
- Constructing a five-foot sidewalk on the west side of the roadway
- Bus Stop improvements
- Pedestrian crossing enhancements
- Installing lighting infrastructure along the newly constructed sidewalks

## Construction Phases

### Phase 1

- Drainage Improvements at Lake Worth Drainage District Canal L-32 (east and west).
- Install temporary roadway pavement between L-33 Canal and Barrett Street for east side drainage installations.
- Install temporary roadway pavement between Atlantic Avenue and LWDD L-33 Canal for west side drainage installations.

### Phase 2

- Complete drainage, widening and sidewalk construction working southbound from Lake Ida Road along the west side of the roadway until reaching Atlantic Avenue, then heading in the northbound direction on the east side of the roadway back to Lake Ida Road.

### Phase 3

- Mill and resurface the roadway, sign installations, and pavement markings.

## Maintenance of Traffic

### **Regulatory Speed During Construction**

- 35 MPH

### **Construction Working Hours**

- 7:00 AM to 6:00 PM – Monday Through Friday

### **Lane Closures / Flagging Operations**

- 7:30 AM to 5:30 PM – Monday Through Friday, exception in the school zone of Carver Middle School
- During these times one thru lane will remain open though may be controlled with flagging operations.

## Irrigation and Driveways

### **Advance Notice**

- Residents are notified that construction is commencing on June 3, 2024.
- Residents will be notified in advance with door hangers of work near their homes.

### **During Construction**

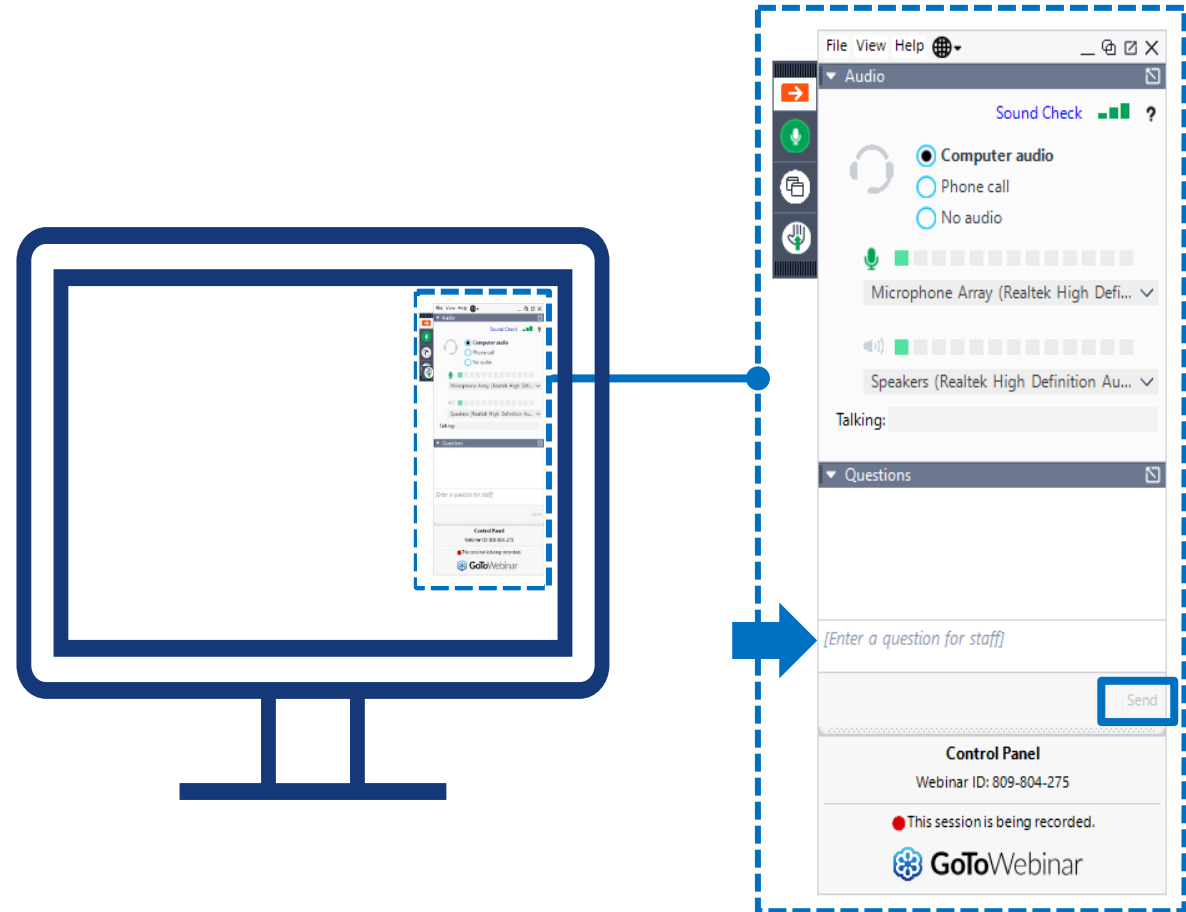

- Irrigation lines extending into the public right of way will be cut and capped. Residents wishing to make their own modifications may do so at any time in advance.
- Right-of-way stakes will be installed for homeowner reference (wood stake with orange flag). All plants, vegetation, and personal items in the public right of way should be removed by the property owner in advance.
- Driveway access impacted as part of construction will be restored daily by the Contractor.
- Additional notifications will be provided for driveway reconstruction and sidewalk installation operations.

## Community Outreach

- To receive project-specific updates please email Community Outreach Specialist, Melissa Reading at [mreading@corradino.com](mailto:mreading@corradino.com) to be added to the email distribution list
- Project Hotline is 561-285-1690
- For more information about this and other City projects visit: <https://www.delraybeachfl.gov/government/city-departments/public-works/city-projects>

## Questions

We are using the GoToWebinar meeting platform. There is no cost to the public to log-in or dial-in to participate in the meeting. Questions and comments can now be entered into the chat feature for the team to address directly. You may also click the hand icon to speak. This meeting is being recorded and will be posted to the project website.

**Thank you for attending  
tonight's Virtual Public  
Meeting**
